# L Jillian Q. Mendoza

# 2011 - 2015

PAMET Northern California has always been my second family for more than two decades. I have been a participant since PAMET Northern California's inception in 1989 and I witnessed how the organization grew.

My term as president started in March of 2011. It was an easy transition. The organization continued holding seminars and review classes. Officers participated in community services like Relay for Life, Avon Walk, Tuberous Sclerosis Alliance, Walk to Cure Diabetes and a donation for the needy at Good Samaritan House. Casino trips, a train ride to the Winery and a holiday celebration were held to enjoy the camaraderie of each other.

The year 2012 was full of mainly continuing education seminars in addition to community services and fundraising. One day seminar was held in the Philippines in coordination with FEU-NRMF Alumni Society. Our own speakers delivered their expertise in Clinical Lab to our colleagues. PAMET-USA, Inc. celebrated its 13th Biennial National Convention on Carnival Conquest in Western Caribbean and seminars were held to earn 12 CE units. Recognized at the convention were PAMET Northern California as the "Most Outstanding Chapter" and one of the officers, Letty Acosta as one of the "Most Outstanding Member". A $1000 donation was made to American Red Cross to aid the victims of Sandy Storm.

2013 was the year full of adventure, interests and filled with success. In addition to the three seminars in the Bay Area, 90 of us attended a Mediterranean cruise to explore Europe and earned our continuing education units. Our fundraising casino trips enable us to donate $1000 to ABS-CBN. In addition, a $500 collection from the Christmas Ball's members and guests was given to help Yolanda victims in the Philippines.

Our focus for the year of 2014 is our mission: to help the unlicensed attain their dream and success in their chosen career and to support our colleagues and members. Without any reservation, we are always here for you.

I have unending gratitude to all who believe in my leadership. It is indeed a great learning experience for me and I hope that I am successful leading our organization

God bless us all!

Jillian Mendoza

President

Pamet Northern California

2011 - 2015
